

Cleaning Procedures for PHIS

Classroom Cleaning:

- Classroom Cleaners will:
 - Sweep Daily
 - Empty Rubbish Daily
 - Sanitize all high contact areas including desk tops and chairs daily
 - Mop floors daily with bleach water solution
- Additional staff are being hired and trained
- Custodial Staff will step in on an as needed basis.

Cafeteria Cleaning

- All tables and chairs will be sanitized daily.
- Between meals, the tables and chairs will be sanitized by cafeteria staff.
- Each student will be offered a cloth with cleaning solution to use on his or her seat prior to sitting.

Restroom Cleaning:

- Each day, the bathrooms will be disinfected
- Throughout the day, the high contact surfaces will be sanitized on a regular rotation (8:00, 10:30, 1:00).

General Cleaning

- High contact surfaces wiped down periodically through the day
 - Railings
 - Door handles
 - Water Fountains
 - Desks

In all areas of cleaning and disinfecting, these personnel will follow best practices as dictated by the CDC, DOH, and HIDEOE guidelines: [Return to Learn: School Reopening Plan - Health and Safety Handbook](#)
