Welcome Back Message

Aloha,

We are so excited to start our second semester. This semester is filled with many testing opportunities for our students to demonstrate what they've learned throughout the year.

Our faculty and staff work diligently to ensure we meet every student's need through multiple educational strategies implemented in and out of the classroom. Second semester is also filled with many exciting activities (prom, graduation, etc.).

Information has been provided to seniors regarding the commencement exercises and their responsibility in meeting certain expectations. More information about future activities will be in our newsletter and website as the year goes on.

Please remember that all students must use their uniform shirt daily once they have entered campus. This provides for easy identification of PHIS students. It is a safety measure for our campus.

We continue to need your support as we work collaboratively together to make every child successful.

Remember our Challenge 5 attendance initiative. Let's strive for less than five absences for the year. Attendance impacts student achievement, social interactions, and long-term success.

Onward and Upward!!!
